

DON'T BE A FOOL WITH YOUR TOOLS!

Did you know that tools were one of the most commonly stolen items from vehicles in York last year?

- Remove all tools/equipment from your van overnight.
- Black out windows where possible.
- Fit additional locks, bars over rear windows and intruder alarms
- Park with rear doors close up to a wall or garage.
- Place a sign in the van's rear window to indicate that no tools are left in the vehicle overnight.

Help us to keep crime low in York.
